CONVERSATION STARTER

- What is your favorite worship song to sing?

DIG DEEPER

- Read John 4:23-26 together.
- Is worship more about something that happens on the outside or the inside of a person? Why?
- True worship is not about singing with a lovely voice. True worship is when we are in awe of who God is. We worship God in this way when the Holy Spirit is at work in us and our hearts treasure Jesus above everything else. How does this change the way we worship?
- In John 4:23, Jesus says we are to worship in truth. How do we know what is true about God? See John 17:17 and Psalm 119:160. How does this change the way we worship God?

PRAYER TIME

- Take any prayer requests, and spend some time praying for God to help your family know him more and love him more. Pray that God would help each of you to be true worshippers who joyfully worship him in spirit and truth. You can close by singing the chorus of one of your favorite worship songs together.
