1. What was the message about tonight?
2. What does it mean to be made in the image of God?
 - a. God created us to be his reflect his glory to the earth in who we are and the way we live.
3. Tell me about the iphone illustration. What was the point?
 - a. In the sermon, we talked about how an iphone has many things it was created to do. Text, call, apps, calculate, tell time. It is good at doing these things it was made to do. But it was not made to be a hammer. I took the iphone (which was really just an iphone case) and smashed it on a nail. The point was, we were created to live in a certain way, to be a certain way. If we live the way we were designed to, we are able to be truly special and glorious. If we start doing things we were not designed to do, there are going to be problems.
4. Do you think you being who God designed you to be, or are you being someone else?
